

Columbia Correspondence.  
COLUMBIA, S. C., Jan. 15th, 1871.  
DEAR COURIER: The Legislature has at last commenced work in earnest, and are disposed to get through their work as soon as possible, so as to enable the members, a large majority of whom are farmers, to get to their homes to commence their crops; but should the members decide to remain in session until all the bills now before the General Assembly can be acted upon, we will remain in session for two months yet. It seems that all the members have a pet scheme of theirs, which they desire to have passed before the adjournment.

The Committee of Ways and Means, on yesterday, reported on many bills; and the Committee on the Judiciary also have a great many which will be reported upon on Monday next. One of the Bills reduces the pay of County Assessors to three dollars per day instead of four dollars, as now allowed by law. Many Bills are being introduced looking to a reduction of officers, and fees and not many for the increasing of officers.

A Bill to regulate the manner of drawing juries passed the House on yesterday, without much opposition. The bill was introduced by Yacund, of Chester, and he had endeavored to get the members to favor his bill before it came up for its second reading. The bill creates a new office in each county, known as a Jury Commissioners, who is to be appointed by the Governor, with a salary of three dollars per day while actually engaged in the discharge of his duties. The juries are to be drawn by the Jury Commissioners, in the presence of the clerk and sheriff of the county. The jury box is prepared as heretofore. I send you enclosed a copy of the Bill with the amendments as recommended by the judiciary committee. All the amendments were adopted as recommended.

A Bill to regulate the pay of County School Commissioners has been introduced by S. J. Lee, of Edgefield, and should be passed, which I think it will, there will be a saving of over fifteen thousand dollars to the State. The Bill gives the Commissioner of Oconee County five hundred dollars salary, and the Commissioner of Pickens but four hundred. The Bill, when drawn, had reference to the number of representatives in each county. Pickens County will be increased to five hundred dollars.

A Bill prohibiting persons from holding more than one office has been introduced, the bill provides that no man elected or appointed to any office of profit or trust in this State or of the United States, shall hold more than one office at the same time, except members of the Legislature, who may hold the office of Trial Justice or Judge of an Inferior Court.

The Regents of the Lunatic Asylum have dispensed with the Secretary and Treasurer of the institution, and the duties are performed by the Superintendent, which is a saving to the State of seven hundred dollars. Dr. Henry Sloan, a son of Col. J. T. Sloan, has been appointed by his Excellency the Governor, Assistant Physician of the Lunatic Asylum, &c. Dr. Harris, (colored,) removed.

The Legislature has been very active, and especially many of the colored members, in reference to the late disturbances in the counties of Union, Spartanburg and Laurens. They have denounced Governor Scott on all sides for not declaring martial law in those counties, and for not sending a sufficient military force to quell all the riots and to bring the offenders to justice; and several bills have been introduced providing that the counties shall be placed under martial law, and that a military force shall be stationed in each county. And also, a bill to tax those counties to pay all the expenses of the military for one year, and to provide homes for those persons who have left their counties, and to pension the widows and orphans of those who have been killed on account of their political opinions. Gov. Scott, so far, has not responded to the wishes of those who desire to declare martial law in those counties, and has adopted a conservative course and will endeavor to have the laws of the State enforced, and should the laws not be sufficient, I have no doubt he will recommend to the Legislature such action as he may think necessary to restore peace, quiet, good order and government in the counties. The Governor, I have no doubt, will do his duty as the Executive of the State to restore such peace.

The trial in those counties of the Militia, has, I doubt, been the great cause of the trouble; and I understand the Governor will at once call in all the Militia and put them away for safe keeping.

Gen. Anderson, Major-General of the militia, I understand, has been sent to those counties to make an investigation of the late disturbances, and will report the same to the Governor at due time.

Col. O'Connor and Mr. Hood are here, representing the western end of the Blue Ridge Railroad, from Knoxville, Tennessee. Col. O'Connor is the newly-elected President of the road. Major Hood is the President of the road. The Colonel left this morning with Gen. Harrison and Col. Treceott, for Charleston, on business connected with their road. He proposes visiting Wallalla before he returns to Knoxville, to examine the road, country, &c. I have nothing at this time, that will interest the readers of the Courier in reference to the Air Line Railroad, of more interest than I already given them.

The Senate was engaged all day yesterday, in executive session, confirming the appointments made by the Governor of Trial Justices, County Auditors and Treasurers, none of whom reside in the upper part of this State. The appointments for the upper counties will be made soon. The Governor is removing many Trial Justices, Treasurers and Auditors, especially those who have made themselves odious to the people, and we will have a better set of trial justices throughout the State. Very few if any changes will be made in Oconee and Pickens Counties. Dr. Glazener, of George's creek, has been appointed a Notary Public, by the Governor, and J. N. Arnold will be one of the Trial Justices for Pickens County.

A Bill has been introduced giving the election of Trial Justices to the people.

Yours &c.,  
J. E. II.

— The largest raft ever floated on the Mississippi river was landed recently at Muscatine, Iowa. It contained 2,636,766 feet of lumber, with a top loading of 1,000,000 of feet and 40,000 pickets, covered a space of four acres, and was worth \$42,000,000.

**Special Notices.**  
"A THING OF BEAUTY IS A JOY FOREVER," the health relieved and the beauty restored to the pale and sickly by the use of SUMMER BITTERS is equally lasting and joyful.

**Avoid Consumption.**  
No enemy to the human race is more to be dreaded and is more insidious in its approaches than the two fatal and destroyer of health and happiness of myriads—"Consumption" in its glacial form." The duty of all is to guard against its first advances. This may be done by the timely use of DR. TUTT'S EXPECTORANT.

**Walhalla Chapter, No. 28, R. A. M.**  
A REGULAR CONVOCATION of Walhalla Chapter, No. 28, R. A. M., will be held at their Hall, in Walhalla, on MONDAY, the 6th day of February next, at candle-light. Companions will be punctual in their attendance.

By order of the Chapter:  
S. P. DENDY, Sec'y.

**Blue Ridge Lodge, No. 92, A. F. M.**  
A REGULAR COMMUNICATION of Blue Ridge Lodge, No. 92, A. F. M., will be held on SATURDAY, Feb. 4th, at 7 o'clock, P. M. Brethren will take due notice, and govern themselves accordingly.

By order of the Lodge:  
J. E. NEVILL, Sec'y.

**ECONOMY AND COMFORT IN BUILDING.**—These can only be attained and secured by paying proper attention to the *finishing* of a building. There are many houses in our country whose windows, without glass, and heavy wooden shutters cost more than sash and venetians, and whose gloomy wooden ceilings are more expensive than white-washed plaster on laths. If you are going to build and wish your house to be comfortable and small cost, you should not fail to write for a plan and estimate of finishing to Mr. P. P. TOLLE, Charleston, S. C., the largest manufacturer of doors, sashes, blinds, mouldings, &c., in the Southern States.

Pain is supposed to be the lot of us poor mortals, as inevitable as death itself and flitting any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on an emergency, when the seminal principle lodged in the system shall develop itself, and we feel the excruciating agonies of pain, or the depressing influence of disease. Such a remedial agent exists in the PAIN KILLER, whose fame has made the circuit of the globe. Amid the eternal ice of the polar regions or beneath the interiorable and burning sun of the tropics, its virtues are known and appreciated. Under all latitudes, from the one extreme to the other, suffering humanity has found relief from many of its ills by its use. The wide and broad area over which this medicine has spread, attests its value and potency. From a small beginning, the Pain Killer has pushed gradually along, making its own highway, solely by its virtues.

Such unexampled success and popularity has brought others into the field, who have attempted, under similarity of name, to usurp the confidence of the people and turn it to their own selfishness and dishonesty, but their efforts have proved fruitless, while the Pain Killer is still growing in public favor.

Price 25 cts., 50 cts. and \$1 per bottle.

**Spread the Truth.**  
Some medical men insist that it is unkind to advertise a remedy, however valuable it may be. Querer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that: it is *inhuman*. Suppose Hostetter's Stomach Bitters—an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the *reperioire* of the locality, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel: that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the Bitters have been advertised and continue to be advertised in every newspaper or any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to day who would be languishing on beds of sickness if the newspapers had not spread the truth with regard to this unequalled invigorant and corrector for all ills. Suppose profit had been reaped from this publicity. Is that any argument against it? If the public health has been protected; if lives have been saved; if the feeble have been strengthened and the sick restored, great good has been accomplished; and who so mean as to gudge to exactions thus directed their fair reward?
